

PLG

PACIFIC LOGISTICS GROUP

CORPORATE PROFILE

Connecting Asia
and the World

Asian Expertise, Global Connections

We leverage our deep Asian expertise, strong established networks, strategic partnerships and customised technology-based integrated logistics solutions to fulfill demands, even under uncertainty. Our network extends beyond the borders of our own countries and around the globe, with our membership with the IATA, WCA and GLN networks.

Our experience and expertise in the area of logistics, freight forwarding, warehousing, value-added services and e-commerce connects and mobilises the global and regional markets.

Our dedicated people, agile thinking and multimodal solutions empower our customers to achieve operational efficiencies, cut costs, lower risk and focus on their core work.

PLG is bravely seeking new frontiers and changing the way logistics operates in Asia and beyond.

About Us

Today, PLG is one of the fastest growing Logistics and Freight Forwarding companies in the region, employing a workforce of over 200 people in Singapore alone across its group of companies.

With its global connections and regional networks spanning 16 locations in 10 countries (Singapore, China, Malaysia, Laos, South Korea, Cambodia, Philippines, Thailand, Indonesia and Germany), PLG provides customised and cost-effective integrated logistics solutions to its clients, many of whom are multi-national companies.

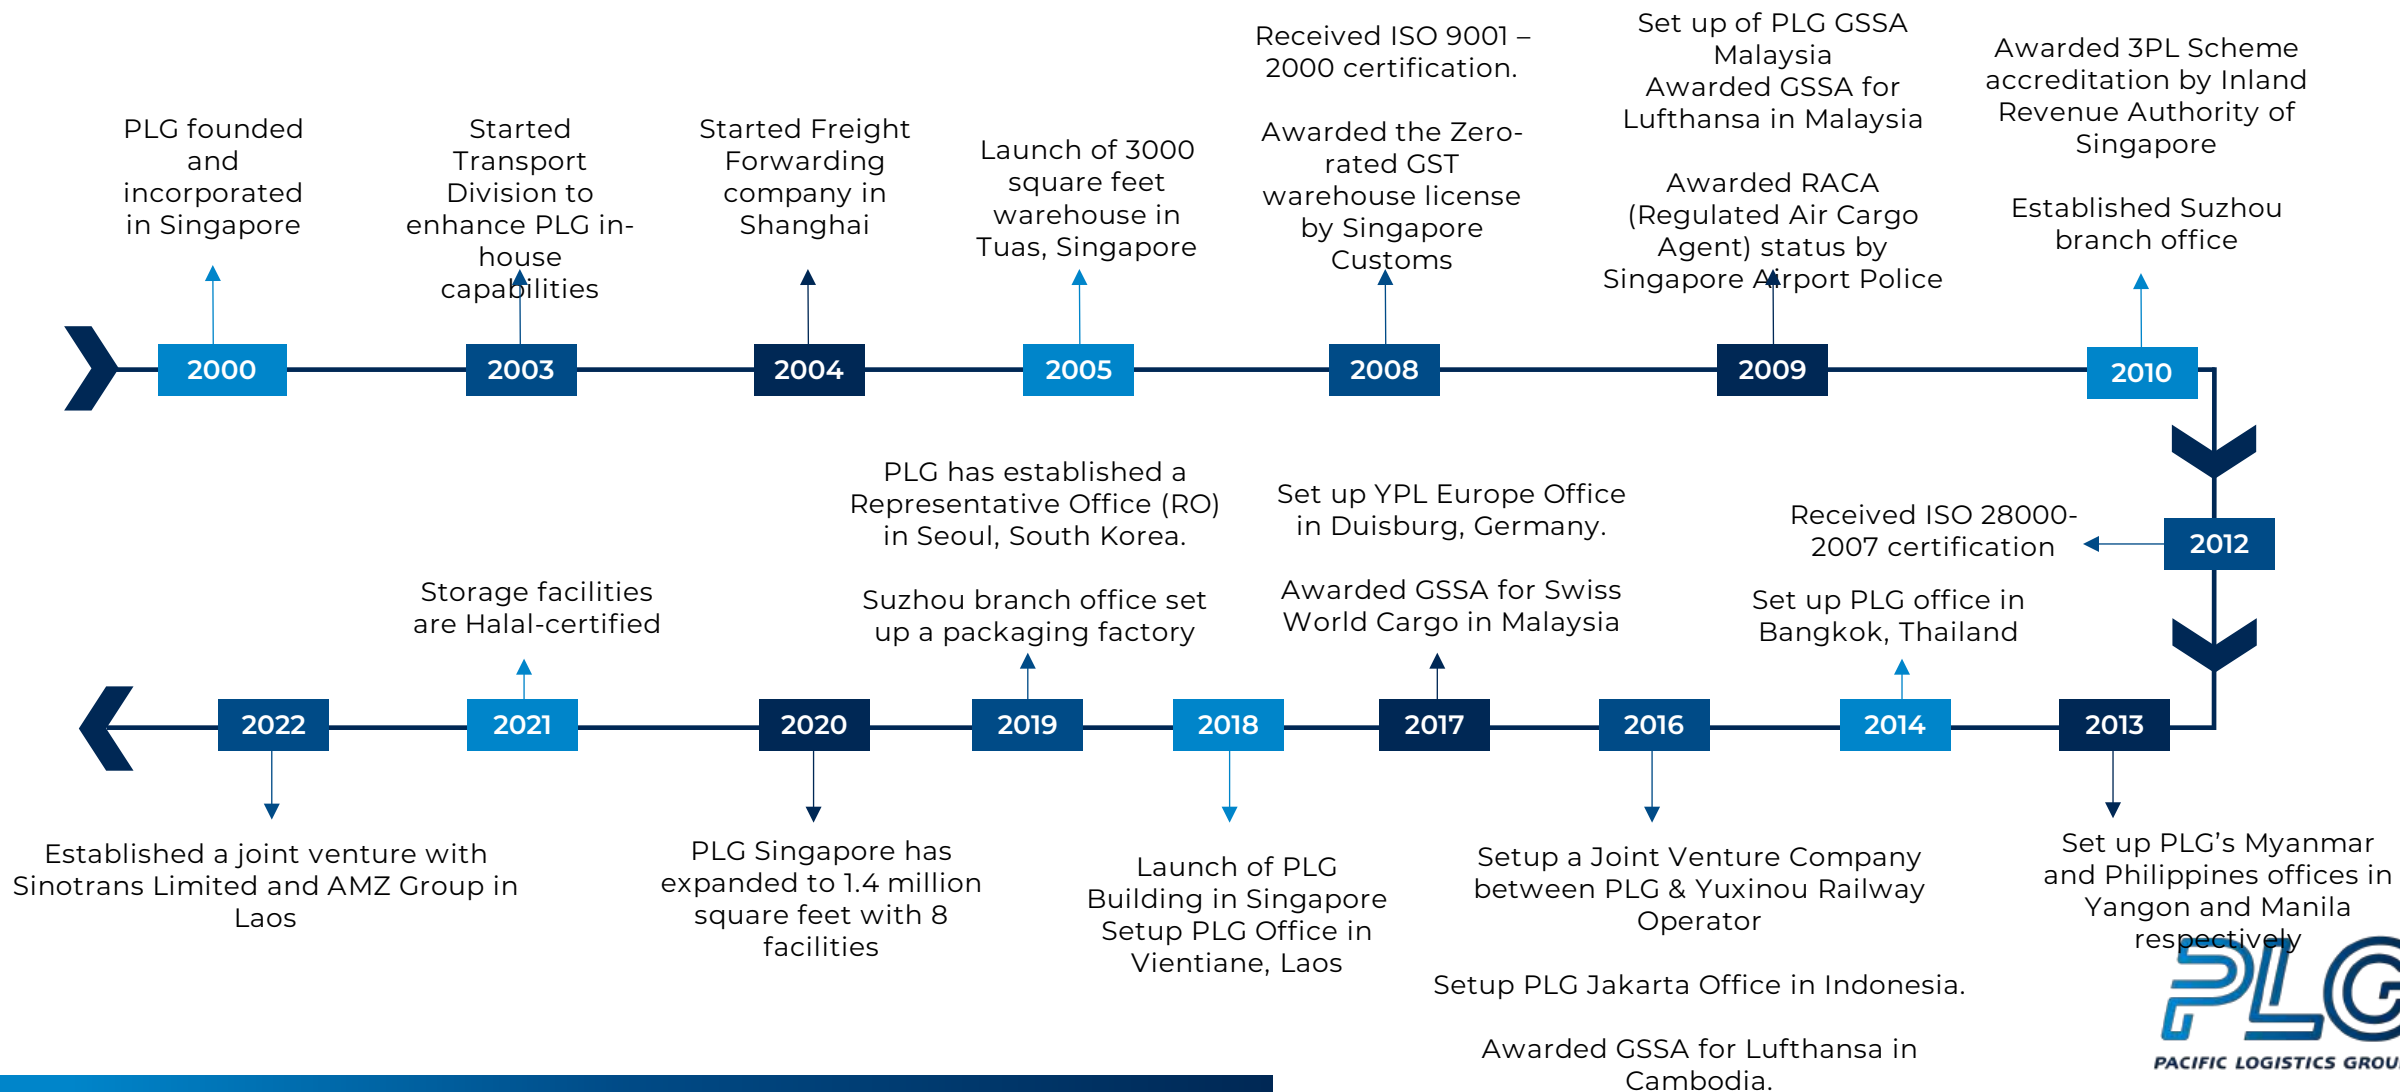

In Singapore, PLG owns and manages a 700,000 square feet flagship corporate building and modern warehouse near Singapore's new Mega Seaport at Tuas. Combined with 4 other leased warehouses, PLG manages a massive 1.2 million square feet of warehouse space to service its diversified clientele.

OUR HUMBLE BEGINNINGS

Founded in 2000 by Mr Kelvin Lim, PLG started modestly as a freight forwarding company with 2 employees in a small office space

Our Key Milestones

**EUROPE
PRESENCE**

YPL Europe Multi-Modal Railway Logistics GmbH

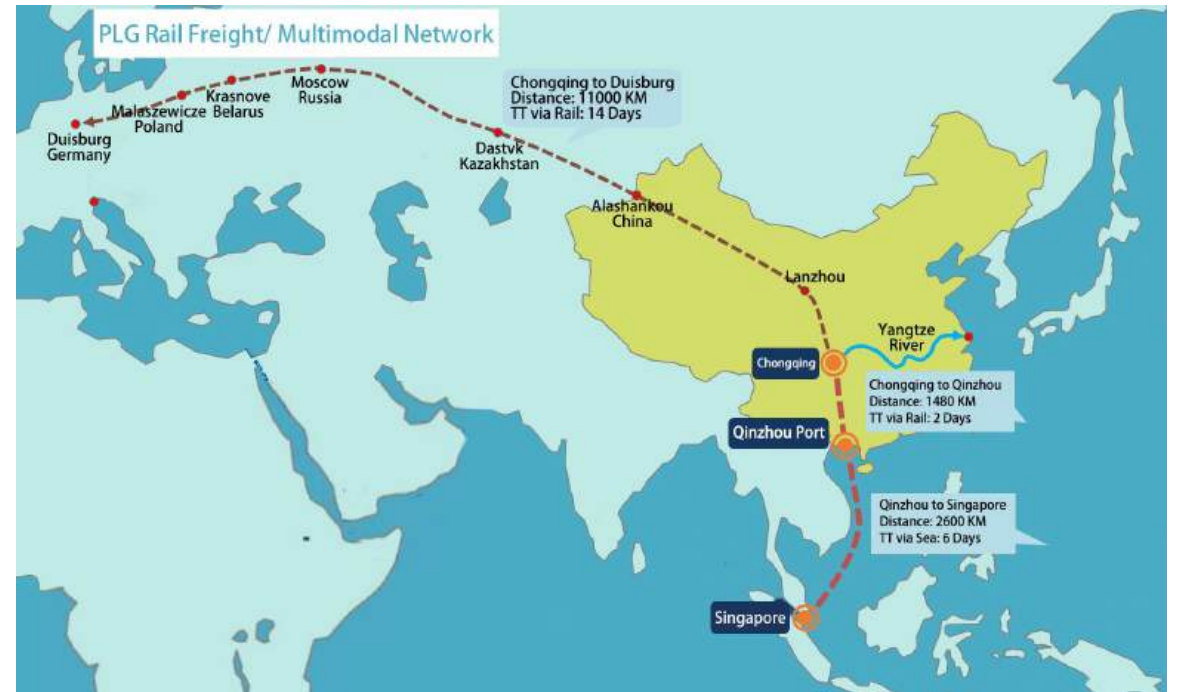

- YPL Europe Multi-Modal Railway Logistics GmbH is a wholly owned subsidiary of PLG established since 2017 in Duisburg, Germany and specialises in multimodal and rail freight between Europe and Asia
- Our location in Duisburg, Germany gives us the geographical advantage of being able to access all parts of the region by land, rail and barge for ease of multimodal transportation
- We leverage on the development of the Belt Road initiative and its connectivity between Europe – China – Southeast Asia to help you reduce costs and transit time. Furthermore, with the commencement of the Laos-China rail operations, we see the potential for rail services to be developed further southwards towards Thailand, Malaysia and finally to Singapore

YPL Europe Multi-Modal Railway Logistics GmbH

Our Services

- Our current rail services covers Eastbound / Westbound and we have plans to cover Southbound in future
- We also offer air and ocean freight services in addition to rail
- Our multilingual team (Mandarin/English/German) can help you overcome language barriers
- Full custom declaration and CFS services available
- Last mile delivery and pick up within the European Union and China for both FCL and LCL can also be arranged, if required

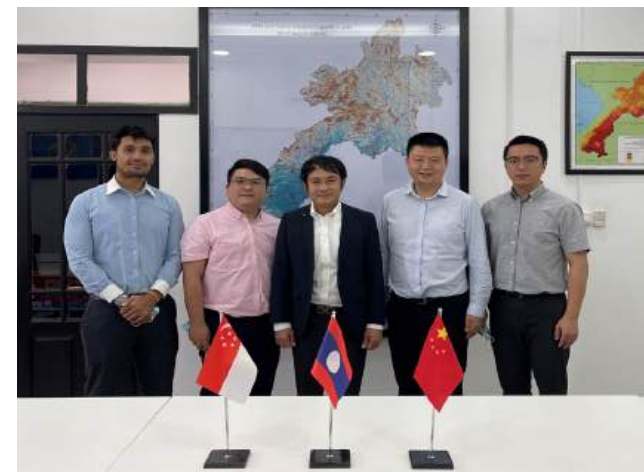

**— REGIONAL
PRESENCE**

Sinotrans-PLG

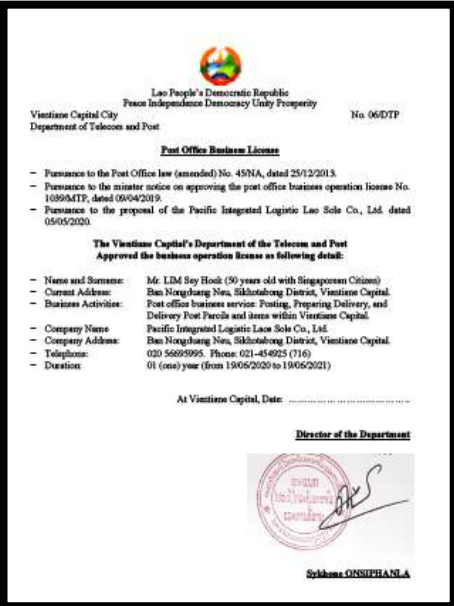

- Sinotrans-PLG is a joint venture company between Sinotrans Limited, PLG and AMZ Group in Laos.
- The joint venture focuses on rail freight services and multimodal freight forwarding services between China, Indo-and the rest of Asia, as Laos develops into a regional hub, connecting China to the rest of Southeast Asia

Post Office License (Laos)

We provide low cost solutions for our customers to move items via post. Our Post Office License allows us to:

- Provide courier services to, from and within Laos
- Plan for last mile delivery services for our customers
- Opportunities to collaborate with the e-commerce industry

Singapore Sichuan Trade & Investment Committee (SSTIC) Re-Appointment

The Singapore-Sichuan Trade and Investment Committee (SSTIC) is a bilateral economic framework aimed at strengthening Singapore's economic relations with the Sichuan Province.

PLG was re-appointed as a council member by Minister Tan See Leng for another 3-year term from September 2020 to September 2023.

We aim to be involved and contribute to the on-going efforts to facilitate and promote bilateral cooperation between Singapore and Sichuan.

—= OUR FACILITIES

- Well-designed layout that improves cargo turnaround time
- Seamless cold chain connectivity
- Ability to store temperature sensitive goods such as medicines, food, electronic goods etc.

Project Logistics

PLG provides precise planning and coordination for super project lifting of high value cargoes. Our expertise in handling and transporting of heavy loads complies with the strictest QHSE standard compliance.

Types of cargoes we handle:

- Break bulk
- Project
- Out-of-gauge

We cover the following and more:

- Covered warehouse and storage
- Choking and lashing
- Mob and demob services

Machine Moving Services

Machine moving is time consuming, stressful and costly for businesses. It is critical to engage a qualified and experienced partner to manage your turn key relocation project.

Our team of experts are able to dismantle and reassemble complex machines, hoist, rotate, position precision machine and relocate the entire plant to your desired location island wide.

- Sensitive equipment moving, positioning precision machinery
- Total plant relocation
- Dismantling and decommissioning
- Detailed precision levelling services
- Heavy equipment and machinery moving and rigging
- Installation and re-commissioning
- Transportation
- Warehousing and storage

Food Logistics

PLG's versatility and multitude of services puts us in a unique position as an end-to-end food logistics service provider. We are able to tap into our extensive experience in freight to manage your shipment, whether it is via air, sea, rail or multi-modal, handling all the necessary customs clearance and paperwork in the process.

Our food transport and storage solutions are also well equipped to handle a diverse range of food products and their temperature sensitivities.

Halal Warehouse Storage

We provide Halal-certified storage and comprehensive end-to-end Halal logistics solutions. Our dedicated team ensures the integrity of Halal cargo by managing transportation, storage and handling in strict compliance with Shariah principles.

Event Logistics

Leveraging on PLG's experience and network, we are able to offer our customers a one-stop comprehensive fairs & events services with our team's dedication and know-how.

Our events team's meticulous planning and devotion in execution provide a worry and hassle-free experience to your events planning.

We have:

- A dedicated & experienced team to handle the entire process
- On-site liaison (if the situation is permissible)
- Efficient transportation by using our own fleet of vehicles for better control of delivery and collection schedules
- A special project team supporting the packing and handling of huge or heavy exhibits
- Customs TIB scheme and/or Zero-Rated warehouse for suspension of GST for events shipments
- Customised solutions/handling and /or special handling request
- Sequel delivery of cargoes for complex set-up
- Rail freight services to complement our air freight and sea freight as another multimodal option

**— IN-HOUSE VALUE
