- Lee Kuan Yew

OUR CEO MESSAGE

Dear Business Partners,

I would like to wish all of you a Happy National Day as Singapore celebrates her 56th birthday and I hope you've been safe and healthy. National Day is a day of unity and a rallying call to reaffirm Singapore's collective confidence in her future, as we navigate through these uncertain times.

I would like to thank all of you for your support and trust in PLG and I am excited to share with you some of our plans for the next half of the year.

We are continuing to bolster our global rail freight network to better serve you amid growing ocean and air freight prices.

Our Laos regional office is also rapidly expanding its services as Laos rises to become a regional distribution hub in the years to come. With a strong and unified regional network, PLG will be able to help you facilitate the seamless transfer of cargo across borders.

As the opening of Tuas Mega Port's Phase 1 operations draws near, PLG has been preparing ourselves to meet the anticipated demand for logistical services by scaling up our capabilities and infrastructure.

We look forward to sharing more updates in due time and growing with you.

Yours Sincerely,
Mr. Kelvin Lim
Founder and CEO of Pacific Logistics Group

A Passport To The World

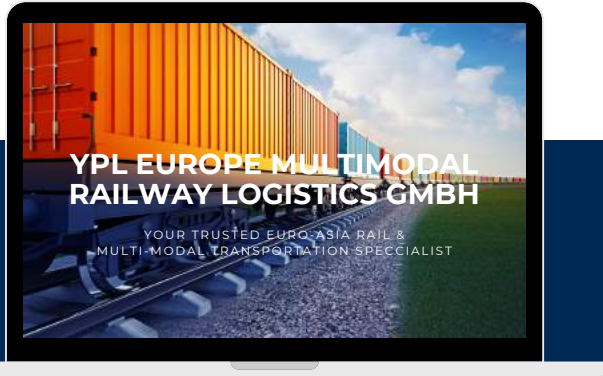

Our Founder, Mr Kelvin Lim, shares his thoughts on the future of Singapore's logistics and PLG's plans in the special National Day edition of the Straits Times.

The container ship, freight train and 18-wheeler took Mr Kelvin Lim to places he had never imagined he would visit. They allowed him to meet new faces who would later become his best pals and, most importantly, to embrace a world of new possibilities.
